

GRAPHIC SCORES

Notation is the representation of musical sounds in the form of small pictures and symbols. It is a very easy way of notating music, and there are a number of different ways of teaching and using it:

1) Start by finding some symbols that can be used to represent different sounds. For example...

 = continuous sound rising in pitch	 = continuous sound, falling in pitch
 = continuous sound rising then falling	 = continuous sound falling then rising
 = continuous sound at same pitch	 = short sounds at different pitches
 = short sounds rising in pitch	 = short sounds falling in pitch

Take one symbol at a time, create sounds that each symbol could represent..
